TriStake Counter

Priyanshu Singh

20BCE1397

Introduction

In this presentation, I'm thrilled to walk you through a project that I've meticulously crafted. We're talking about a Stake Counter that lets you explore the fascinating realm of staking, right from your screen. Using the power of ReactJS, I've built an interactive interface that's not just informative but also super fun to use.

Tools & Technology

Let's have a look....

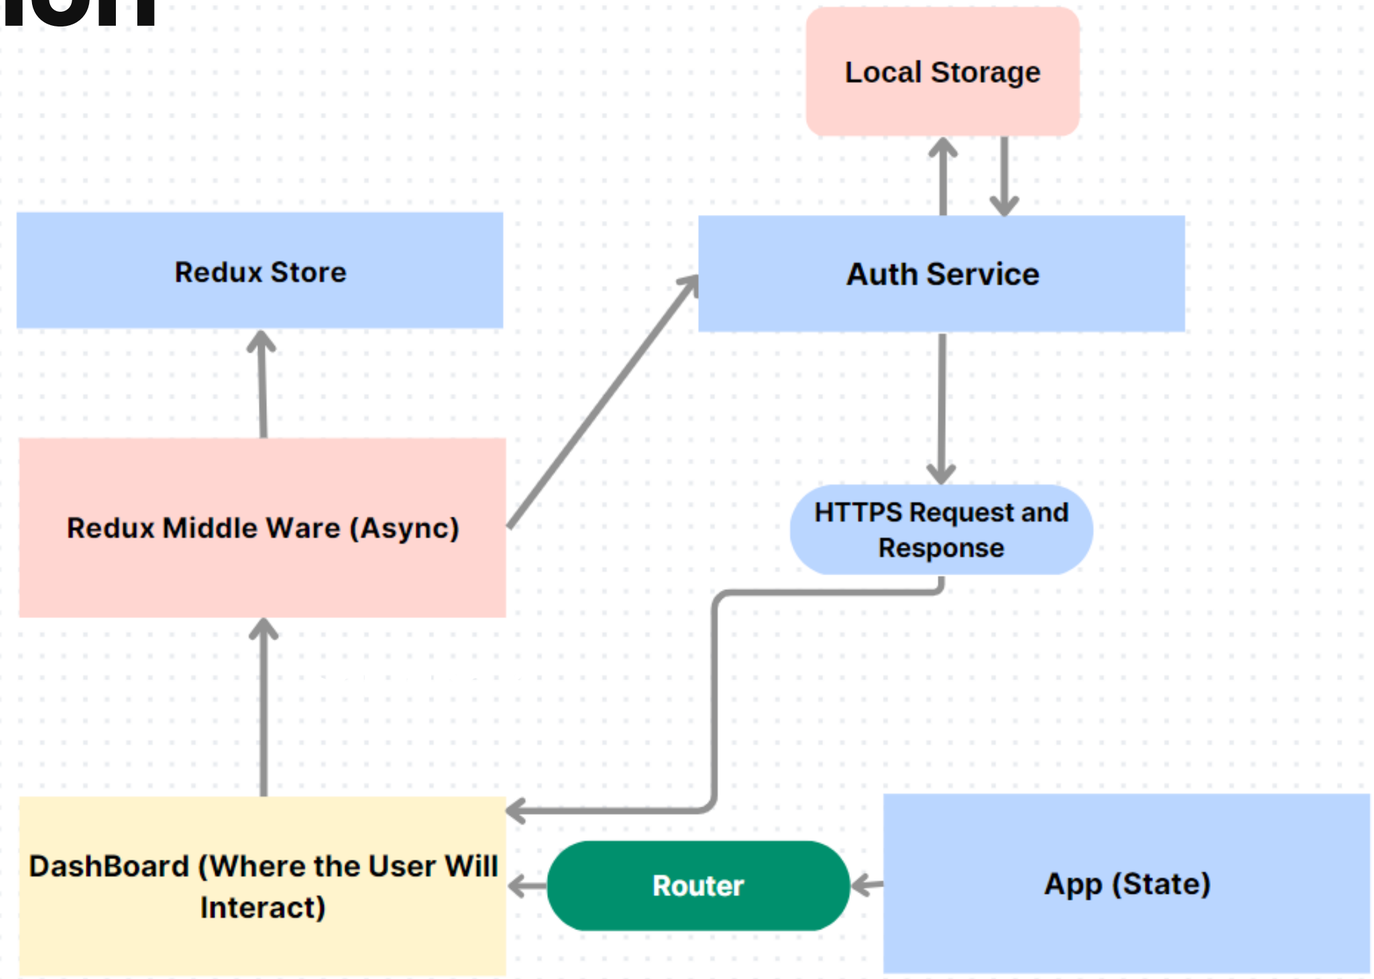
React JS

SubScan API

Ant Design (BootStrap)

Implementation

Flowchart for Visualisation



Working....
